Consolidated Parts was established in 1956 to support the electrical demands of the expanding Bay Area. We continue to provide access to the best brands in Motor Control and Distribution, while expanding our products offering. Our complete offering serves our diverse customer base, including OEM, MRO, HVAC as well as the Industrials and Distribution. Our years of control and power distribution knowledge is well known throughout Northern California and across the Country. This knowledge, expertise, and extensive product offering simplifies your job. Product, knowledge, and expertise along with our commitment to provide the highest level of service makes Consolidated Parts your first choice for all your electrical needs.
